

## Market Survey/Request for Sources Information Cost Estimating Tool

### General Information:

The Federal Aviation Administration (FAA) is conducting a Market Survey/Request for Information to improve the Government's understanding of the current marketplace and to identify qualified and capable sources. This announcement is not a Screening Information Request (SIR) or a Request for Proposal (RFP) of any kind. Interested sources must respond with information to confirm evidence of their qualifications and capabilities to meet requirements in the attached description. The FAA intends to review all response submittals to establish the acquisition strategy. Responses to this market survey will be used to determine the capabilities and availabilities of interested sources in the market and will be used to determine if there is adequate competition to set the requirement aside for Socially and Economically Disadvantaged Businesses (SEDB) or Small Business, or open it up for full and open competition. The information identified from this market survey may result in a restricted Screening Process when the RFP is issued. This survey is being conducted in accordance with FAA Acquisition Management System (AMS) Section 3.2.1.2.1. This survey will support market research obtained from multiple sources and will be utilized for planning purposes only. Acquisition strategy decisions will be made using the information provided by vendors responding to this market survey.

The requirement is for implementation, system integration, training, and optional purchases of additional licenses of a Commercial-Off-The-Shelf (COT) enterprise cost estimating tool into the FAA's Corporate Work Plan (CWP). The NAICS CODE for this requirement will be 4234430, Computer and Computer Peripheral Equipment and Software Merchant Wholesalers, with a Small Business Size Standard of 100 employees.

All interested vendors are advised that the FAA will not pay for any information or any administrative costs incurred that are associated with any response received from industry in response to this Market Survey/Request for Information. Therefore, any costs associated with vendor's Market Survey/Request for Information submissions will be solely at the interested vendor's expense.

Any information provided under this market survey is for informational purposes only and will not be released. Any proprietary information submitted will be protected if appropriately marked. Vendor participation in any informational session is not a promise of future business with the FAA.

In the event that a Screening Information Request (SIR) is issued, the SIR will be posted on the FAA Contracting Opportunities Home Page found at <http://faaco.faa.gov> (or by access through <http://fast.faa.gov>). All FAA documents are to be downloaded and printed from the FAA Contracting Opportunities Home Page. Please note that documents downloaded from sites other than the FAA's Contracting Opportunities Homepage may not be the latest documents. All FAA SIR amendments will also be shown on this site as "Amendment" when required. Vendors must

access this site daily to determine if additional SIR amendments have been issued. Only vendors that respond with information packages providing the required information demonstrating that their firm meets the minimum requirements will be added to the Source List. The minimum requirements will remain the same for the issued SIR as contained in the requested information for this market survey.
